Re: The Lincoln Property site
(TXD981155971)

Dear Dr. Mohrmann:

We have reviewed the closure plan for the Lincoln Property site located in Austin, Texas and do not have any comments to make on this plan. Unless an "imminent and substantial endangerment" arises, no remedial activity can be conducted under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 as amended by the Superfund Amendments and Reauthorization Act of 1986 (CERCLA). Therefore, the Texas Dept. of Health is the appropriate agency to oversee the closure. However, we would appreciate being kept abreast of on-going closure activities so that we could respond in a more timely manner should some unforeseen event occur. When the closure activities are complete, we will close our file on this site.

If you have any questions, please feel free to call David Gonzalez of my staff or myself at (214) 655-6740.

Sincerely,

Martha M. McKee, Chief
Superfund Site Assessment Section (6H-ES)
